USER STORY ACTIVITY

Now that you've learned what user stories are and their format, let's practice writing user stories for **booklovers.com.** Booklovers is an organization that wants to create a peer-to-peer bookstore. This store will allow for renting, purchasing, and selling of books. Using your imagination and making any necessary assumptions, fill in the blanks for the missing user stories below.

User Story format
As a user (who)
I want (the why)
So that (some action)

1. REGISTRATION USER STORY

As an unregistered user,

I want to register online

so that I can access the books available to rent, buy and sell

2. USER STORY FOR SIGNING IN INTO ONE'S ACCOUNT ON BOOKLOVERS.COM

As a book buyer/renter

I want a login screen

so that I can successfully login with my email address and password to get access to my account

3. USER STORY FOR MANAGING ONE'S ACCOUNT ON BOOKLOVERS.COM

As an existing book renter/buyer

I want to view my order history

so that I may review any of my old orders placed online

4. USER STORY FOR ACCOUNT SETTING ON BOOKLOVERS.COM

As an existing booklover user

I want to access my account settings page by logging into my account

so that I can change my account information if I wish to

5. USER STORY FOR ADDING/DELETING ITEMS IN THE CART ON BOOKLOVERS.COM

As a book purchaser

I want to add/delete multiple items from the cart

so that I can be certain that I am staying within my budget

6. USER STORY FOR PAYMENT WITH CREDIT CARD ON BOOKLOVERS.COM

As a book buyer/renter

I want the ability to pay with a credit card

so that I may confirm my purchase
